Sch. Victor Caught 200 Barrels Salt Mackerel.

A despatch from North Sydney C. B., yesterday states that sch. Victor, Capt. John W. McFarland of this port was there with 200 barrels of salt mackerel.

WEEKLY FISH MARKET.

Trade this week, while it has been good, has not been as good as usual at this time of the year. The dealers however appear to be fairly well satisfied for with their reduced stock, if they had their usual fall trade they would hardly know what to do with it. The market has practically been featureless.

Prices are still firm and high and show no signs of a drop. Fish continue in light receipt in all lines and even the pollockers are not doing very well. The only events of the week of any moment are the arrival of a fare of 260 barrels of salt mackerel, the result of an all summer hooking trip in the North Bay, which are being packed before sale, and the departure from St. John's N. F. for this port of two and possibly three vessels with large fares of cod-fish which will be placed on the market. Trips from this island in foreign bottomf is something unusual at this port.

The salt bankers came along very slowly, only two arriving this week. Fifteen vessels have thus far sailed for Newfoundland salt herring cargoes and five more are now fitting.

Beside the pollock fleet, this week's arrivals include two from Cape Shore, one from Shore, and from North Bay, one from Grand Bank and four from Maine port.

The receipts for the week, up to noon today aggregate:

352,000 pounds of salt cod.
60,000 pounds of fresh cod.
75,000 pounds of hake.
10,000 pounds of cusk.
821,000 pounds of pollock.

1,500 pounds of flitch halibut.

Herring Notes.

Three loads of salt herring came over from Ipswich river this morning in schs. Addie M. Story, John S. Presson and Ralph F. Hodgdon. Schs. Arrow and Jennie Bell also have some.

Some of the nets were sunk with big herring at Ipswich Saturday night.

Fifty barrels were put in the freezer at Rockport yesterday.

The news from all parts of the Bay of Islands where herring are taken at this season is most encouraging. At Woods Island and vicinity some fishermen secured from four to six barrels per fleet of nets on Saturday week. At North Arm, Middle Arm and Lark Harbor the nets averaged a good yield. Altogether the result of the week's fishing might be regarded as satisfactory and indicative of a good season. At least seven vessels from Canada and the States are now in the bay for herring, as well as a number of local craft. A large fleet of vessels will arrive right along from now until the middle of December, so that if the herring appear in their usual abundance, the season will be very prosperous and profitable to our fisherman.—Bay of Islands Western Star.

The weirs in St. Mary's Bay, N. S., are catching large quantities of herring, some of them 150 barrels in one tide. These fish are bringing good prices and are in great demand by the factories putting up kippered herring. Messrs. A. Bontifier & Company's factory at Trout Cove which was obliged to partly shut down owing to the scarcity of fish is now running over time.

Good Trip.

Sch. Kentucky, Capt. Thomas Prior, arrived from La Have bank this morning with a fine fare 70,000 pounds of fresh fish. This is Capt. Prior's first trip as skipper and he has started in well.
